

Song Name: Everything

By: Austin Westphal

Album: Living for Us

Song #: 2

VERSE 1:

What has God not given us?

Hasn't God given us everything?

We are guilty of what we have become,

We are ashamed of everything that God has given us

CHORUS:

Jesus you are my everything, my all

You supply me with all my needs

Everything that I ask of you

You get it done

Jesus you are the one that rescued us

From everything that has happened in

Everyone's life, Thank You God!

VERSE 2:

You please our cause, You write our wrongs

You break everyone's chains, You overcome

You gave Your life, to give everyone theirs

You gave us everything You have, Yeah

You gave us everything You have.

CHORUS:

Jesus you are my everything, my all

You supply me with all my needs

Everything that I ask of you

You get it done

Jesus you are the one that rescued us

From everything that has happened in
Everyone's life, Thank You God!

VERSE 3:

We have been hiding from everything God has given us
We don't need to hide from what God gives us
Everything that we get from God is given to us for a reason
That reason is that Every sin, every doubt, everything we have done,
God forgives us for everything we have done
And makes us brand new.

ENDING:

Jesus you are my everything, my all
You supply me with all my needs
Everything that I ask of you
You get it done
Jesus you are my everything, my all
You supply me with all my needs
Everything that I ask of you
You get it done
Jesus you are the one that rescued us
From everything that has happened in
Everyone's life, Thank You God!
