

We Always Love  
By: Austin Westphal  
Album: Living for Us  
Song #7

**VERSE 1:**

Where is the love that We always thought We had?  
When did that love disappear?  
We will always be loved by God  
God's love never disappeared!

**CHORUS:**

When You don't part the waters,  
That We wish We could have walked through  
When You see the love in Our life  
We will always love Your decisions

When You don't part the waters,  
That We wish We could have walked through  
When You see the love in Our life  
We will always love Your decisions

**VERSE 2:**

Are We fighting a battle that We can't win?  
Is that battle taking over God's Love?  
When You don't give the answers  
As We cry out to You  
We will always Love God.

**CHORUS:**

When You don't part the waters,

That We wish We could have walked through  
When You see the love in Our life  
We will always love Your decisions

When You don't part the waters,  
That We wish We could have walked through  
When You see the love in Our life  
We will always love Your decisions

**VERSE 3:**

Letting go of every single thought  
We lay each one down at Your feet  
We put Our love in You  
And in You alone

**CHORUS:**

When You don't part the waters,  
That We wish We could have walked through  
When You see the love in Our life  
We will always love Your decisions

When You don't part the waters,  
That We wish We could have walked through  
When You see the love in Our life  
We will always love Your decisions

**BRIDGE:**

The truth is, There's no one else that we  
Could love, More than You Alone

You are the God that we will always  
Love for the rest of Our lives.

**TAG:**

We will always love Your decisions  
We will always love Your decisions
